REDEFINING MEDICAL EXCELLENCE THROUGH INNOVATIVE DUAL -DEGREE MEDICAL PROGRAMS

The TRC–ELLEVITTA Value-Added Program is a premium clinical and academic pathway that combines the rigorous medical education of Azerbaijan Medical University with advanced academic enrichment from Charisma University. This unique collaboration provides students with a comprehensive, globally oriented learning experience, enabling them to pursue multiple internationally recognized qualifications while developing strong clinical competencies, academic excellence, and leadership skills in public health.

Program	Duration	Core Qualification & VALUE-ADDED PROGRAMS
MEDICINE	6 YRS	Medical Doctor (MD), B. Sc. (Health Science) & M. Sc. (Public health)
DENTISTRY	5 YRS	Doctor of Medicine in Dentistry (DMD), B. Sc. (Health Science) & M. Sc. (Public health)
PHARMACY	5 YRS	B.Pharm, B. Sc. (Health Science) & M. Sc. (Pubic Health)

Unleashing Global Potential Through an Innovative Dual-Degree clinical and academic pathway

Integrated MD + M.Sc. Public Health Program

A distinguished and future-focused medical pathway designed for aspiring healthcare leaders. This unique program seamlessly integrates the **Doctor of Medicine (MD)** from **Azerbaijan Medical University** with **Master of Science (M.Sc.) in Public Health** from **Charisma University**, Turks and Caicos Islands (British Territory). Through this innovative dual-learning model, students pursue both programs simultaneously gaining a solid foundation in medical sciences while developing advanced expertise in population health, disease prevention, and global healthcare systems. Graduates emerge as well-rounded professionals equipped to address modern healthcare challenges with both clinical excellence and public health insight.

Academic Awards:

- **B.Sc. in Health Sciences** - Upon completion of 3rd year by the Charisma University
- **M.Sc. in Public Health** – Upon completion of 5th Year by the Charisma University
- **M.D. (Doctor of Medicine)** – Upon completion of 6th Year by Azerbaijan Medical University
