The 5-year DDS Program is an undergraduate-entry dental program which leads high school graduates to a professional degree of Doctor of Dental Surgery, opening doors to dental licensing in Europe, USA and elsewhere.

Doctor of dental surgery is a profession which combines scientific knowledge with manual skills. This is why, starting from year 3 of the studies, your classes will be held in PUMS Dental Clinic where you will take part in patient treatment together with our faculty.

### Eligibility requirements

- Secondary school degree or equivalent credentials at an adequate level of eligibility for admission to a university in the country of issue,
- High level of knowledge in natural sciences, and high proficiency in the English language (confirmed by a language certificate or previous education in English),
- Satisfactory grades in biology, chemistry and mathematics/physics (min. 2 subjects, incl. biology) from previous education (secondary school, college or university),
- Entrance examination in natural sciences, and interview.

Exam locations: Poland, USA, Canada, UK, Ireland, Germany, Norway, UAE, India, Thailand, and more.

Application Deadline for Fall Intake: July 31

” THE BEST PART OF MY EDUCATIONAL EXPERIENCE AT PUMS IS THE AMOUNT OF HANDS-ON PATIENT EXPERIENCE WE RECEIVE. **I SEE MORE PATIENTS AT PUMS THAN I WOULD HAVE AT A NORTH AMERICAN SCHOOL.**
